

# Breaking Up With

RedHook

Been something eating at me a while...  
Guess I probably should spit it out  
All your careless words  
They've been on my nerves  
I got doubts  
Yeah yeah yeah

Treated me like dirt for too long  
Now I'm scraping my self worth off the floor  
Yeah to tell the truth  
I can't fuck with you  
Anymore  
Yeah yeah yeah

I'm over it so screw you, we were never exclusive  
(I'm breaking up with)  
(I'm breaking up with)  
All the lies and all the abuse  
But it's not you, it's me  
I'm breaking up with myself  
I'm breaking up with myself  
I'm breaking up with myself  
I'm breaking up with  
I'm breaking up with  
I'm breaking up with myself

I wanna see somebody brand new now  
When I look in the mirror each night  
Lets me wear a crown  
Doesn't drag me down  
Out of spite  
Yeah yeah yeah

I'm over it so screw you, we were never exclusive  
(I'm breaking up with)  
(I'm breaking up with)  
All the lies and all the abuse  
But it's not you, it's me  
I'm breaking up with myself  
I'm breaking up with myself  
I'm breaking up with myself  
I'm breaking up with  
I'm breaking up with  
I'm breaking up with myself

I'm over it so screw you, we were never exclusive  
(I'm breaking up with)  
(I'm breaking up with)  
All the lies and all the abuse  
But it's not you, it's me  
I'm breaking up with myself  
I'm breaking up with myself  
I'm breaking up with myself  
I'm breaking up with  
I'm breaking up with  
I'm breaking up with myself
