

Cannibal

RedHook

Sweat in my mouth
Killer craving I just can't spit out
It drips from my lips
So damn greedy for it, I feel feverish

Some sickly savage kind of hunger in my blood
Got a taste for human flesh
Now I'm obsessed, can't get enough

It's primal
A matter of survival

I wanna eat you like a cannibal, cannibal
Fill me up, feeling like a ravenous animal
Lick your cream down to the cone
Suck the marrow from your bones
Sip your sweat like it's merlot
I wanna eat you like a...

Slip of the tongue
I'd do anything to make you come...
For tea, in the world
If you feed me daddy, I'll be your good girl

Some sickly savage kind of hunger in my blood
Got a taste for human flesh
Now I'm obsessed, can't get enough

It's primal
A matter of survival

I wanna eat you like a cannibal, cannibal
Fill me up, feeling like a ravenous animal
Lick your cream down to the cone
Suck the marrow from your bones
Sip your sweat like it's merlot
I wanna eat you like a...

Cannibal, cannibal, cannibal
Spit it

Some sickly savage kind of hunger in my blood
It gets sweeter the deeper you keep on choking it up
I got you wrapped around my fingers slipping off the tip of my tongue
A taste for human flesh, obsessed I can't get enough

I wanna eat you like a...

Suck the marrow from your bones
