RedHook

Hush your mind  
I'm a little bit sick of hearing that I'm safe inside  
Where the bad things just can't get you  
Thanks, I'll deal with the devil that's creeping underneath my bed  
Before the one that's real, terrorising my head

Did I crash land  
(Jabberwocky, Jabberwocky)  
In wonderland?  
(Jabberwocky)

Wake me up 'cause this isn't real  
It's just a bad dream  
A cave in my chest  
Hell freezes in my bloodstream  
But it's all in my mind  
'Cause I don't believe  
In this Jabberwocky

They say speak your mind  
But I'm far too scared of feeling like a victim  
I always used to play the hero  
So let's play pretend that's still who I am, not even fazed  
Got an iron will  
Moving on most days that I don't

Crash land  
(Jabberwocky, Jabberwocky)  
In wonderland  
(Jabberwocky)

Wake me up 'cause this isn't real  
It's just a bad dream  
A cave in my chest  
Hell freezes in my bloodstream  
But it's all in my mind  
'Cause I don't believe  
In this Jabberwocky  
Jabberwocky

Jabberwocky  
Wake me up 'cause this isn't real

Wake me up 'cause this isn't real  
It's just a bad dream  
A cave in my chest  
Hell freezes in my bloodstream  
But it's all in my mind  
'Cause I don't believe  
In this Jabberwocky  
Wake me up 'cause this isn't real  
It's just a bad dream  
A cave in my chest  
Hell freezes in my bloodstream  
But it's all in my mind  
'Cause I don't believe  
In this Jabberwocky

It's just a bad dream  
A cave in my chest  
Hell freezes in my bloodstream  
But it's all in my mind  
'Cause I don't believe  
In this Jabberwocky
