

## Low Budget Horror

RedHook

Maniac  
Maniac  
With a camera  
You attack  
In the dark  
Like a predator  
Poor mental health is an excuse I can't acquit  
For being such a piece of shit

People like  
People like you  
Repulse me  
Treating pain  
Treating pain  
Like it's currency  
You inflict damage 'cause you're damaged to the core  
I won't accept it anymore

Come on then  
Cast me in your fucked up dream  
Corn syrup murder scene  
You're gonna  
You're gonna  
You're gonna die for  
This low budget horror  
Such a sad attempt to terrorise  
Derivative plot line  
You're gonna  
You're gonna  
You're gonna cry for  
This low budget horror starring me

Did you think  
That I'd shake  
Shake and shiver?  
Try to tear me apart  
Like the ripper?  
The only shocking thing about this story's twist  
Is people like you exist

I'm Exorcist  
You're Troll 2  
Almost embarrassed for you  
Fingerless Freddie, threadbare  
Not even good enough for my nightmares

Come on then  
Cast me in your fucked up dream  
Corn syrup murder scene  
You're gonna  
You're gonna  
You're gonna die for  
This low budget horror  
Such a sad attempt to terrorise  
Derivative plot line  
You're gonna  
You're gonna

You're gonna cry for  
This low budget horror starring me  
This low budget horror starring me

Come on then  
Cast me in your fucked up dream  
Corn syrup murder scene  
You're gonna  
You're gonna  
You're gonna die for  
This low budget horror  
And I -  
I never asked for this  
But I'm not afraid  
So go lay in  
The death bed you've made  
You're gonna  
You're gonna  
You're gonna cry for  
This low budget horror starring me
