

# Off With Your Head

RedHook

Off with your head!

I'm angry  
Wanna kick holes in the walls of this mess  
I'm angry  
That I feel so goddamn powerless  
I'm angry  
As the bodies drop and pile-up  
Damzel, distress  
I'm angry

Go on and wave your pitchforks in the air  
Just like you just don't care  
Coz you don't care  
You only hate  
Just wanna instigate  
A fucking police state  
Heads are rolling  
"Off with your head!"

I'm angry  
Self righteous, tied the noose before you heard the plea  
I'm angry  
For a sick vendetta: "better get her 'coz she's nothing like me!"  
I'm angry  
Attack tactics to tear down those who disagree  
I'm angry  
Coz I was too chicken-shit to say "bitch I see you

Wave your pitchforks in the air  
Just like you just don't care"  
Coz you don't care  
You only hate  
Just wanna instigate  
A fucking police state  
Heads are rolling  
"Off with your head!"

And we've come so far to fall so fucking backwards  
"Off with your head!"  
An epidemic of existential dread  
"Off with your head!"

Go on and wave your pitchforks in the air  
Just like you just don't care  
Coz you don't care  
You only hate  
Just wanna instigate  
A fucking police state  
Heads are rolling  
"Off with your head!"  
  
"Off with your head!"
