You know the girls are gonna glow  
And they'll never let us go, let us go  
Yeah, you know the girls are gonna glow  
And they'll never let us go, oh

She looks like cinnamon  
She's so delicate, so intimate  
How I want to dip into it  
Like cinnamon  
She's so delicate, so intimate  
Will I ruin it, ruin it?

This is my number for you, you look so cool  
Giving my number to you, y-y-you, y-y-you
