

## This Place

Rediscover

I can see in your face  
Your dark skin in this place  
If the music's too loud  
we'll pick up the bass

And that time when way back then  
you said that this was staying  
well that time was way back then  
way back then

if you let me into your arms  
if you let me into your heart  
I'll let you into my car  
and I'll let you into  
into my car

Just let me into your arms  
just let me into your arms  
just let me into your arms  
into your arms

and I can see it in your face  
you consider this place  
Well if the music's too loud  
well then pick up the bass

Well I left when you said that  
you'd call me put it on me  
And I left when you said that  
when you said that

if you let me into your arms  
if you let me into your heart  
I'll let you in my car

if you let me into your arms  
I'll let you into my car

if you let me into your arms  
if you let me into your heart  
I'll let you in my car

if you let me into your arms  
I'll let you into my car

well its gonna be a long night  
well yea its gonna be such a long night  
where everything will be alright  
alright

if you let me into your arms  
if you let me into your heart  
I'll let you in my car

if you let me into your arms  
I'll let you into my car

if you let me into your arms  
if you let me into your heart  
I'll let you in my car

if you let me into your arms  
I'll let you into my car

Well I left when you said that  
you'd call me put it on me  
And I left when you said that

if you let me into your arms  
if you let me into your heart  
I'll let you in my car

if only this car would start  
would start
