

Hey girl,
I'm not tryin' to make it,
I'm just trying to make hits,
And keep you smilin' all night

You don't have to say it,
You're on your way to make it,
Just give it time

See, I ain't trying to make it,
I'm just trying to make hits,
And keep you smilin' all night
Just give it time

Hide under the blankets,
Girl, I've got you naked,
And God damn, you're so fine

You don't have to say it,
You're on your way to make it,
You gotta give it time

Don't know how to say this,
One day, you'll be famous,
And I hope I'm by your side

Girl, I need to know right now,
If you're having doubts
If you're having doubts, if you're having doubts
Yeah, I aint sellin' out,
No, I'm just changin' sounds
I'm just changing sounds

Just you and me in Vegas,
Tell me I'm the greatest
(You're the greatest)
I'll take you anywhere tonight

I don't know why I made this,
The radio won't play this,
I'm puttin' you on the next flight

You're so underrated,
It breaks my heart to say it,
This little heart of mine

You're not even jaded,
Radio's overrated,
One day you're gonna shine!

Girl, I need to know right now,
If you're having doubts
You're having doubts, you're having doubts
Yeah, I aint sellin' out,
No, I'm just changin' sounds
I'm just changing sounds

Girl, I need to know right now,
If you're having doubts
You're having doubts, you're having doubts
Yeah, I aint sellin' out,
No, I'm just changin' sounds
I'm just changing sounds

Girl, I need to know right now,
If you're really down,
If you're really down, if you're really down
And they can steal this sound,
but they will find you out.
They will find you out, find you out
