Rediscover

and i'll dance him away
if that's what you want me to do
and i'll dance him away
i'll be there for you
i'll be there for you

and i'll sleep all day
if that's where you want me to be
and i'll sleep all day
that's where you can find me
yeah you'll find me

and i'll scream your name
at the top of my tired lungs
and i'll scream your name
but until that day comes
until that day comes

i'll look into your pretty eyes
until i know i'm in your mind
until i know i'm in your mind

and i'll scream your name
at the top of my tired lungs
and i'll scream your name
but until that day comes
but until that day comes

i'll look into your pretty eyes
until i know i'm in your mind
until i know i'm in your mind
