

# Ain't Going Easy

Redlight King

I lost so many times, but I swear that I won some  
I prayed for better days, but better days don't come  
I walk these streets, these streets I used to run  
They wrote me off and said I'm done

I ain't goin easy, want me to fall  
I'm not gonna break because I've been through it all  
I ain't going easy, feel what I'm worth  
Not gonna take me till I'm under the earth  
I ain't goin easy  
I ain't goin easy

I carried all the weight that can't wait to keep me down  
I swam a thousand miles I swam too far to drown  
Keep saying I'm saying I'll change but change won't come around  
The wolves have come to take me out

I ain't goin easy, want me to fall  
I'm not gonna break because I've been through it all  
I ain't going easy, feel what I'm worth  
Not gonna take me till I'm under the earth  
I ain't goin easy  
I ain't goin easy  
I ain't goin easy  
I ain't goin easy
