

I search the open highway.
Looking for what's right.
I fight with all my instincts.
Life become a fight.
All I have is way I bleed for you.

I can see the storm that coming.
And it drags your dreams away.
Hold you down and hurts you.
Soon you feel the weight.
All I have is why I bleed for you.

What are you waiting for?
Give me some place to live by.
Give me a life to chose.
I am ready and I pay my bill.
Admit it for the coops.
Admit it for the druuuugs.
That's why I bleed for you.

I can live without forgiveness
Now I cover all my tracks
You can call my heart spayed
Cause I might not make it back.
All I have is why I bleed for you.

So what are you waiting for.
Give me some place to live by.
Give me a life to choose.
I am ready and I payed my bill.
Admit it for the cops
Admit it for the druuuugs.
That why I bleed for you.

I bleed for youuuuu.
Give me some place to live by.
Give me a live to choose.
I am ready and I payed my Druugs.
Admit it for the cops
Admit it for the drugs.
That's why I bleed for you.
