

# My Execution

Redlight King

This is my execution  
The final call  
There's no retribution  
Here's the once and for all

This is my execution  
So bury your prayers  
Why live the illusion  
That god even cares

Don't you let me die away  
Hold these words I say

This is my execution  
No further I fall  
There is no solution  
I'm nailed to the wall

This is my execution  
No breath will be spared  
This life that I'm loosing  
One burden to bare

Don't you let me die away  
Hold these words I say

Drag me under the water  
Hear me I'm not afraid  
All my life I have fought to  
To be free of the chains that we take to the grave

Drag me under the water  
Hear me I'm not afraid  
All my life I have fought to  
To be free of the chains that we take to the grave

Don't you let me die away  
Hold these words I say  
Don't you let me die away  
Hold these words I say
