

# Cherry N Coke

Redlight

Let's go, sweet like cherry and Coke  
Coming at your throat  
Better pick out the place, this beat gonna make you float  
Uh-oh, run from the diablo  
You don't really want that smoke  
When we in the place, this beat gonna make you float

(Beat gonna make you float)  
(Beat gonna make you float)  
(Beat gonna make you float)  
(Beat gonna make you float)

Go, let's go, sweet like cherry and Coke  
Coming at your throat  
Better pick out the place, this beat gonna make you float  
Uh-oh, run from the diablo  
You don't really want that smoke  
When we in the place, this beat gonna make you float  
Let's go, sweet like cherry and Coke  
Coming at your throat  
Better pick out the place, this beat gonna make you float  
Uh-oh, run from the diablo  
You don't really want that smoke  
When we in the place, this beat gonna make you float

Let's go, cherry and Coke  
Coming at, let's go, uh-oh  
Sweet like cherry and Coke, cherry and Coke  
Coming at, let's go, uh-oh

Right here in the center

(Beat gonna make you float, float)  
(Beat gonna make you float, float)  
Right here in the center  
(Beat gonna make you float, float)  
(Beat gonna make you float, float)

Go, let's go, sweet like cherry and Coke  
Coming at your throat  
Better pick out the place, this beat gonna make you float  
Uh-oh, run from the diablo

Better pick out the place, this beat gonna make you float  
Uh-oh, run from the diablo  
You don't really want that smoke (You don't really want that smoke)  
When we in the place, this beat gonna make you float
