

# New Flows

Redlight

Get high, vertigo  
I can do this solo  
Need money, light dough

New season, Kenzo  
Skrrtt Skrrtt in the Benzo  
Box of food, Bento  
And you're messin' with new flows  
Do it my way don't tell me no  
Heavy weight, kilo  
Bring it back like yo-yo  
Rest in peace you're dead slow  
While out and get low  
This one here go straight to your dome  
Talk like a king but you've got no throne  
You're a little man not full grown  
I'm a boss locker, got 2 phones

Woah, woah, woah, woah

Heavy weight kilo  
Bring it back like yo-yo  
Rest in peace, you're dead slow  
While out and get low  
This one here goes straight to your dome  
Talk like a king but you've got no throne  
You're a little man, not full grown  
I'm a boss locker got 2 phones
