

Devil's On The Loose

Rednex

Devil's on the loose
Devil's on the loose
Devil's on the loose
Got her brains in her shoes

Now you listen good folks, cos this is a true story

I came here on Friday
No money no hope
I left here on Monday
No money no hope

Devil's on the loose
Devil's on the loose
Devil's on the loose
Got her brains in her shoes

Well, I hope you're still there folks, there's more to
come

The devil like moonshine
She's out of control
Of father, oh mother
Oh brother behold

The devil like moonshine
She busted my soul
