Rednex

Raise your glass up high in the air with us now  
Throw your hoe down and join the ride  
When your whisky means a lock-in for the night  
We'll be rockin' to the record alive

Hey, Hey  
Hey, hey ...Hey

Headin' for the shacks I'll go down some more  
You can leave your hay right right up front  
Shake your ass, knock 'em back... Oh let's have another one  
Then we can sleep all day drying out in the sun

Gonna drink the bar dry, get the sheriff real high

To shoot a lidded pattern, set his hair on fire
