Redveil

Yeah
Da-na-na-na-na-na-na
Yeah, yeah
Bitch, damn

We can tell that he cappin' for real
Niggas know I'm the captain for real
Newbies match with the jacket for real
I just threw on this fashion for real
Said he steering, he cappin' for real
Niggas know I'm the captain for real
Newbies match with the jacket for real
I just threw on this fashion for real

I got way too much passion to kill
Throw that leather, I'm back in the field
I been clever, I'm back for the bills
He want smoke, then it's pack in the mail
I been hearing they flak and it's frail
Shut my eyes, saw a plaque in the mail
And the code, bitch, I'm cracking it still
In that mode, I ain't lackin a meal
Damn, hop in the front seat, nigga what's up
I'm out the country looking for bucks
I could of took myself out the pain
Nigga, this drum beat why I get up
I don't know defeat, shawty estranged
Green in my face, I'm trying my luck
Keeping that pace, I ain't lettin' up
Keeping that

We can tell that he cappin' for real
Niggas know I'm the captain for real
Newbies match with the jacket for real
I just threw on this fashion for real
Said he steering, he cappin' for real
Niggas know I'm the captain for real
Newbies match with the jacket for real
I just threw on this fashion for real

But it ain't no soul that could say what I know
I was static and trapped, but my feet on the road
I been fucked up
I been fucked up
But I know where to go
I been fucked up
I been fucked up
But I know where to go
Where to go

Don't need autonomy grieved, I put direction over speed
Gotta put trust in my needs, don't give a fuck if you appeased
Ain't like that shit is a breeze
But they ain't lookin over me, so
I'ma stay true to the seeds I planted back when shit was easy

I been knew they was gon' bloom
And they ain't even believe me
All I did was just give 'em the room
Now the whole room receive me
Ain't gon act like that's something I knew
And this shit ain't been dreamy
But I know they can't seize me
Bitch, I know they can't seize me

No, they can't seize me
No, they can't seize me
(We can tell that he cappin' for real)
No, they can't seize me
No, they can't seize me
