Redveil

Alright, bitch

Uh

Nigga, it's V-E-I-L

Nigga, it's V-E-I-L

Show me one commentin' nigga that did what I did with these sonics

Niggas artistry pawn shop flexin' it like it's real, but it's really dishonest

Mama told me nuh bada with nonsense so I only pick up if it's commas

Niggas pussy addicted to drama

Only switchin' I'm doin' is genre

And I just turned this pretty ho into a communist, might've did more than Obama

Already said it once nigga-, wait

Already said it once, niggas stallin'

Hit my sprint in these newbies, they tryna catch up, nigga, I ain't seein' 'em often

Niggas prolly still back at the auction, tap dancin' for labels and offers (Shit)

I don't got one docile bone in my body, these niggas is awful

Tryna impress me but I ain't been marveled

They gon' flash some lil' dollars, but what they was doin' before it was niggas to eat off?

Tryna cash out and then speed off?

We was young and lookin' for beats, these white boys was just lookin' to beat off

And just because you had the heat off, that don't mean you can say nigga

I don't give a fuck where you grew up, nigga, you don't even go to a pigment

If we switched skin you'd get chewed up, nigga, I don't even wanna hear it

They can bring up what could go wrong, nigga I don't even really fear it

Show me one commentin' nigga that did what I did with these sonics

Niggas artistry pawn shop flexin' it like it's real, but it's really dishonest

Mama told me nuh bada with nonsense so I only pick up if it's commas

Niggas pussy, addicted to drama

Only switchin' I'm doin' is genre (Bitch)
