Brodie gon' waste time tryna embarrass us
Nigga, I stay on the mainline (Hey)
She love when my hand on her waistline
But it's various spots I'ma make mine
Turned on your shit, heard the same lines, where the variance?
Turned a K9 to a chariot
How I done faced climbs and I buried 'em still?
Hit my idols and say, "What's the deal?"
I ain't idle, I'm looking for meals

All I had was my shadow to hear me
Grabbed that mic and the battery dead
Never needed nobody to fear me
When I speak, they gon' feel what I said
When I sleep, they just looking for red
I keep all of my limbs in the whip
Riding through and I'm not saying shit

And complying, that shit make me sick
You ain't in the fire, don't claim that you lit
