

How 2 Find Hope

Redveil

Yeah-yeah, uh
Yeah-yeah, uh
Yeah-yeah, yeah-yeah, yeah, yeah, yeah
Alright
Yeah
Yeah, uh, yeah

Nigga, we done came a long way from displacement
Long way from the grave
Daydreams, I was sleepin' in the pavement
Now we seein' payment come my way (Alright, yeah, yeah)
Recollection faded, I ain't see these faces
They around, I keep 'em in they place
I done been a lone soul since a baby
Eternally, I'ma require space, 'cause ('Cause)
Niggas put me on that waitlist
Stay down and I kept my patience (Yeah, yeah)
Face my demons, they gon' face some Js to the bass
We sane, we each other patients
Solid revolutions like we Haitian
Young goat, give the game a facelift
I can't never choke, that's for my folk
I'ma float, nigga got it off the makeshift, uh
Shake the rhythms
Known to Earth until my line goes flat (Yeah, yeah, yeah)
Runnin' outta time
I'ma get these lines off 'til my mind go back
I been feelin' fine
Tell me how to find hope before my pride go black

Tell me how to find
Tell me how to find
Tell me how to find
Yeah, uh
Yeah, yeah, tell me how to find
Yeah, yeah, tell me how to find
Yeah, yeah, tell me how to find

Tell me how to find hope
I done been crashed into more times than blind folk
I just reacted to the pressure
Say it turn you into diamonds, baby, I'm a rhinestone
I just keep pushin' 'til my limbs go numb
When I peep the button, I'ma go dumb
One press and my mask off
Like I ain't believe in corona (Damn)
Niggas ain't believe me but so what?
I been in it knee-deep, they gon' see me swim and
Think I just showed up
I been in this water since a jit, I never poured up (Yeah)
I can't stomach these thoughts, I throw it up, uh
The unapologetic, blow you up (Uh-huh)
I'm gon' see the fruits and all
Have my bank growin' and I'm still growin' up, bitch

Uh, yeah-yeah, uh
Tell me how to find

Tell me how to find
Tell me how to find, yeah

Tell me, yeah, yeah, tell me
