

## shoulder

Redveil

Sit and watch my youth wash away  
Wish that I could say that I know things will be okay  
Look back over my shoulder now (Look back, look back, look back, look back)  
Wish you could've stayed  
But I'll make do with the pain, uh  
I'll make do with the pain, pain, uh  
(Look back, look back, look back, look back)

Alright, look  
I ain't looking over my shoulder, I keep my blood around  
Keep my temperament colder, don't need a hundred rounds  
Power structure gon' see my brother and try to gun him down  
Learn to maneuver, we swimming, we never drown  
Progression never came easy as hollow tips splitting faces  
I face regret for my formative years  
The debt that I hold is close to my heart still  
Never let my heart spill  
A nigga never got to play, but played my part still  
I earned the buying power, but I kept my cart still  
'Cause all I know is how to get it off my own will  
Analytical from the pain felt  
But ignorance is bliss, I wish that doubt was in my heart still

But if you finding a fix to that shit, let me know  
And if I find you gon' switch for a grip, let me go  
Said if you finding a fix to that shit, let me know  
And if I find you gon' switch, if I-  
Said if you finding a fix to that shit, let me know  
And if I find you gon' switch for a grip, let me go  
Said if you finding a fix to that shit, let me know  
And if I find you gon' switch, if I find

Sit and watch my youth wash away  
Wish that I could say that I know things will be okay  
Look back over my shoulder now (Look back, look back, look back, look back)  
Wish you could've stayed  
But I'll make do with the pain, uh  
I'll make do with the pain, pain, uh  
(Look back, look back, look back, look back)

Looking back, I'm a piece of shit for not picking that phone up  
Wish I gave you a chance to see how my ideas grown up  
Long time since we spoke like the phone screen Motorola  
Long time I evaded, it took a minute to own up  
They said fame was a reach, then I'm dislocating my shoulder  
Now I'm spilling my thoughts and I'm looking over my shoulder  
Niggas say I inspire 'em even though they way older  
Everything feel surreal, I never was the appeal  
And suddenly I'm defeating the jagged edge of the boulder  
And you ain't see the potential blossom that I had just shown you  
But that's out of my hands and my legacy, I'm controlling  
So when I'm in your position, then I can show 'em a soldier, uh, yeah  
So when I'm in your position, then I can show 'em a soldier  
Them vibrations is cold, but I know the world even colder

Sit and watch my youth wash away  
Wish that I could say that I know things will be okay

Look back over my shoulder now (Look back, look back, look back, look back)  
Wish you could've stayed  
But I'll make do with the pain, uh  
I'll make do with the pain, pain, uh

We're sorry
