Falling

Reed Deming

I'm just a boy and she's just a girl
I fell in love with her, she fell in love with me
Love at first sight, couldn't describe how I felt
She's what I want and she's what I need
I would do anything, I would give anything
For her to be by my side for the rest of my life
You've been on my mind for some time now
Yeah, I need you in my life,
Need you by my side,
Need you right now
Never thought that I'd find my world in one girl

And I keep falling in love
I keep falling, falling, falling in love with you, oh
And I keep falling in love
I keep falling, falling, falling in love with you, oh

You weren't the same, you blew them away
When we had our first kiss, I never felt like this
You are gonna be the one to blow my mind
Before I met you, life was a blur
It was so out of place, until I saw your face
You're the only girl for me and I'm your only guy
You've been on my mind for some time now
Yeah, I need you in my life,
Need you by my side,
Need you right now
Never thought that I'd find my world in one girl

And I keep falling in love
I keep falling, falling, falling in love with you, oh
And I keep falling in love
I keep falling, falling, falling in love with you, oh

This feeling's such a rush
It's more than just a crush
Your love saved me
And I couldn't need you more
An angel in disguise
You opened up my eyes
You make me crazy
Crazier than ever before

I keep falling in love
I keep falling, falling, falling in love with you, oh
And I keep falling in love
I keep falling, falling, falling in love with you, oh
