

# Renegade

Reed Deming

You're a renegade girl  
You're a renegade girl  
You're not doing what they do  
You stay rewriting the rules  
And I love it, yes I do

You've got a heart full of fire  
And the world can't put it out  
And when the storm rolls in  
Girl you firmly stand your ground  
And it's beautiful, beautiful, oh oh

In a black and white world, girl  
I see you in color, I see you in color  
In a black and white world, girl  
I see you in color, I see you in color

You're a renegade girl  
The world is yours if you want it  
Yours if you want it  
And I'd be lying through my teeth  
If I said I wasn't falling  
Said I wasn't falling  
Night drive, windows down  
Singing songs, ayy now  
This is all I've wanted  
Girl, you're everything I've wanted  
I couldn't say it then but I'll say it now

It's a renegade world  
It's a renegade world  
In a world ever-changing  
Girl you stay the same  
Cause you know who you are  
And I love it

You've got a heart full of fire  
And the world can't put it out  
And when the storm rolls in  
Girl, you firmly stand your ground  
And it's beautiful  
You're beautiful, oh oh

In a black and white world, girl  
I see you in color, I see you in color  
In a black and white world, girl  
I see you in color, I see you in color

You're a renegade girl  
The world is yours if you want it  
Yours if you want it  
And I'd be lying through my teeth  
If I said I wasn't falling  
Said I wasn't falling  
Night drive, windows down  
Singing songs, ayy now  
This is all I've wanted

Girl, you're everything I've wanted  
Couldn't say it then but I'll say it now

We could run to the hills  
We could dive in the ocean  
My schedule is free  
And I feel like I'm chosen  
Used to lock up  
And keep my heart frozen  
Oh never, oh never again  
Girl, the way that you smiled  
Back at me on the way home  
All of my baggage  
Fell out the window  
Even when you're gone, girl  
Even with my eyes closed  
All that I can see is you  
And baby, you're my favorite view
