

First Mistake

Reef

There goes my first mistake
Take all my clothes away
I've been waiting for this change
Take my heart and let me fly away
All rags and porcelain
Nowhere to let me in
I've been waiting for this change
Take my heart and let me fly away

I've turned this feeling inside out
In hope I can go on

Too young to make amends
Too old to change your ways
I've been waiting for this change
Take my heart and let me fly away

I've turned this feeling inside out
In hope I can go on, now

'Cause I've been waiting by you
For far too long
Yes I've been waiting by you
Fly on, get on

Ooh
Ooh
Ooh-oo-oo
Alright

I'll turn this feeling inside out
And upside down
In hope that I can't go on by myself

'Cause I've been waiting by you
For so long
Yes I've been waiting by you
Fly on

There goes my first mistake
There goes my first mistake
There goes my first mistake
There goes my first mistake
