

## Naked

Reef

Sing with me  
That is where I'm at  
Hoot with me  
I'd get into that  
If you know where I'm at  
I would get a kick from that  
Muddy face, bloody hand  
Naked we dance on our clothes

So will you come with me?  
I'll take you away

Spin with me  
That's is what I feel  
Open your arms  
Release from within  
If you know where I'm at  
I would get a kick from that  
Come the dark  
Light a fire  
In the rain we raise our heads

So will you come with me?  
I'll blow you away
