

Provide

Reef

It's slowly dawning just like the morning
Sun rise up into the sky
I feel a calling on everybody
Every man, woman and child

I've been alone for so long
Every day I take my water from the well [?]
I will rather take this day forward
Together we can stand tall

I work this morning prayer
I found inside of myself
Your strength, together
I will provide

Yeah I've thought about it
And I don't doubt it
Everything for you my love
Break my bread, break my bread
And sharing it on now
Forever we will pass on

Rain or shine
Rise up, make up your mind
Join hands, we will provide

(We will provide)
We will provide

I've been alone for so long
Every day I take my water from the well [?]
I will rather take this day forward
Forever we will stand tall

Ah
I will provide

Take my [?] by your side
I will walk one hundred thousands miles
I scale the beach, well I swim the ocean
To be by your side

Oh my love, listen to me
Come take my hand and we'll go walking
Through this promise land
We will provide, oh yeah, oh yeah

(We will provide)
(We will provide)
(We will provide)
(We will provide)

(We will provide)
(We will provide)
(We will provide)
We will provide

(We will provide)
We will provide
