

Uncomfortable

Reef

And they'd came saving grace
Without warning
Tell what it is you need to know
Am I safe? Am I learning?
Am I giving all of these things that you want to have?

Come to me I say, cos I'm drowning
All these feelings, feelings I can only dream about
My mistake but as it happens
Sometimes I'm thinking what is it you really want to hear
Why don't you tell me right now?

Come to me I say, cos I'm drowning
All these feelings, feelings you can only dream about
My mistake but as it happens
Sometimes I'm thinking what is it you really want to hear
Why don't you tell me right now?

But what I really think is I'm not in control, I'm crying

She comes in to my body and makes you feel uncomfortable
That is the way that it makes you feel
