

Wake

Reef

You're so heavy-hearted,
and so complicated,
I can't find my way home.

We should get together,
make that, love together,
I can't find my way home, no no no.

It don't matter the things you say,
Or the thoughts within your head,
It don't matter at all from time to time.

She doesn't matter mentally
Something bout you that hurts you bad,
It don't matter at all from time to time, oh no.

Open up and wait for me, lady,
Can't you see this is your time?
