## Reflections

If I could die tonight I wouldn't think twice  
I would take the step right over the edge

Eternally I have wondered why  
As all of the days go by  
I'm always the one who gets left behind  
I'm always the one who gets left behind  
I can see you forgot about me  
I'm nothing more than a memory  
The ghost of half the man I used to be  
We fell apart in perfect symmetry  
We fell apart in perfect symmetry

Am I nothing  
More than a figment of my own imagination  
Never ending  
Thought left circling in contemplation  
A wandering soul without any destination  
Am I despair?  
Am I despair?

I've developed infatuations  
Intertwined by hallucinations  
They have become my only inspiration  
I realize life's foundation  
Has become manipulation  
No one really cares  
A moment I have waited for  
With such anticipation  
I'll exhale my last breath  
With no sense of hesitation

My aura has lost all of its illumination  
If you wish to vanish follow my demonstration  
I can show you how to disappear  
I can show you how to disappear  
I can show you how to disappear  
I can show you how to disappear

I am nothing  
More than a figment of my own imagination  
Never ending  
Thought left circling in contemplation  
A wandering soul without any destination  
I am despair

I am nothing  
I am despair
