

## Shadow Self

### Reflections

I know I'm a failure in your fucking eyes  
But it doesn't matter to me cause you're fucking blind  
My entire life has been a waste of time  
Falling for the same tricks in a different disguise

This is my shadow self  
Ever since I can remember you looked out for yourself  
I must be dreaming for once it seems I'm seeing clearly  
Did you think that you could just leave me here to die  
I don't know what I did to deserve this  
You don't even treat me like a fucking person

I have no heart I have no fucking heart  
Everything I touch always falls apart  
Why fight for something that's not meant to be  
I'm done being treated like the dirt underneath your feet

Fill my eyes with flies and cut my throat so I can't breathe  
I'm so sick of the tangled web we weave  
I'd give anything to rid me of these memories  
This is my shadow self
