

## Organic Organic Organic (Go Fuck Yourself)

Refused

Sign their death sentences as an offering of blood  
Waters the gardens of those privileged enough  
You benefit from structures that covet this divide  
I'm sure your heart is bleeding but where's your sacrifice

Self sacrifice, self sacrifice, self sacrifice  
Self sacrifice, self sacrifice, self sacrifice  
Self sacrifice, you forge ahead like it's your right  
Don't question why  
Why  
It's time to pay the price

Complicit in deception, table to seed  
Your every thought's organic, that's all that we need  
You live life like in heaven, sheltered and well fed  
Pay service to an arrangement that keeps them all in hell  
(The time has come for)

Self sacrifice, self sacrifice, self sacrifice  
Self sacrifice, self sacrifice, self sacrifice  
Self sacrifice, you forge ahead like it's your right  
Don't question why  
Why  
(Self sacrifice, self sacrifice, self sacrifice)

You think debt sanctioned division  
But it's a prerequisite  
Enjoy the produce you asshole  
Snatch from the 3rd world lips

Organic, organic, organic - go fuck yourself  
Organic, organic, organic - go fuck yourself  
Organic, organic, organic - go fuck yourself  
Organic, organic, organic - go fuck yourself
