Refused

One more revolution, my love
One more time through the fire
One more revolution once more
We'll march into enemy fire

Revolution one!

When there's blood on the streets, somebody's getting paid
Somebody's getting paid when you're the slave
When there's blood on the streets, profits being made
Yeah, profits being made on our backs today

Come on!

Yeah!

One more
I said one more revolution
One more
I said one more
Revolution one!
Revolution one!
Revolution one!
Revolution one!

When there's blood on the streets somebody's gotta pay
Somebody's gotta pay for the shame and pain
When there's blood on the streets, it feeds the hate
And you'll feel our hate when we clean the slate

One more
I said one more revolution
One more
I said one
Revolution

One more revolution, my love
One more time through the fire

Revolution one!
Revolution one!
Revolution one!
Revolution!

Yeah!
Come on!
Come on!
Revolution!
Revolution one!
