

Better For You

Reggie and the Full Effect

There's a golden rule
Says I'll play a fool
Think I will

Now you'll figure out
What it's all about
And I will

Better for you (better for you)
Better for you (better for you)
Better for you than me
Better for you (better for you)
Better for you (better for you)
Better for you than me

Now sorry never saves your mind
I never wanted to be separate
You're far from my eyes

Heaven know what ever made me
My own mind will drive me crazy

Better for you (better for you)
Better for you (better for you)
Better for you than me
Better for you (better for you)
Better for you (better for you)
Better for you than me
