

Revenge Is A Dish Best Served At Park Chan-Wook's House

Reggie and the Full Effect

I'm buying you a car
To drive it off a cliff, that's what I'll do with you
And as it starts to fall
I'll blow it up in mid-air, woo hoo
I'm gonna set you up
For a bunch of crap that you didn't do
And when the cops show up
I'm gonna say "oh man, that doesn't sound like you"

While all this is going on
A flashback shows me how my childhood's gone
Fifteen years becoming your fake friend
And now it's time for this to end

As I sat in jail
And I had a lot of time to think
To try to figure out
How many rocks it would take to make your body sink
I'll wait outside your house
Put a GPS inside your bike
And while you're riding home
Now I know exactly where and when to strike
