

## The Trooth

Reggie and the Full Effect

Today is the day  
I'm ripping you out  
The pain you've given  
Is worth 175  
Leave me so I can have some sanity  
Get away from me  
I m keeping a piece of you in a jar  
So I can point and laugh at you from now till forever  
You suck and it's time you left  
I am tired of taking care of you  
You never seemed to notice anyways  
So pulling out your roots  
Go ruin someone else's life....
