

The air just seems a little mustier tonight  
And, coincidentally, you leave for Brunei for some army camp thing  
And you're boarding the plane  
I just finished watching Clueless with my momma, and I  
Felt the need to tell you the whole plot  
But decided against it  
I won't do things that I shouldn't

In one hand, I hold my torch and your map in another  
Thinking if you ever stopped in your tracks to wonder  
If you had never fallen for her and you had known me first  
Would heaven change our plans?

Though I could never have you  
I only think about you in the middle of the night  
And so when you ask, "Are you fine?"  
I just had to lie  
'Cause I couldn't reply  
When you make me happy  
I get too delusional  
You see me as a sister  
Well, I wish you knew better  
But you are absolutely clueless

I'm like a sleuth, psychoanalysing each of the words you phrase  
Decoding all your hidden messages page by page  
I'm working harder than I ever have  
It's just too bad there are no places of love  
Just some more band-aids  
You throw them right onto me  
Right onto my heartache  
Oh, your lead's just pointing me astray

Though I could never have you  
I only think about you in the middle of the night  
And so when you ask, "Are you fine?"  
I just had to lie  
'Cause I couldn't reply  
When you make me happy  
I get too delusional  
You see me as a sister  
Well, I wish you knew better  
But you are absolutely clueless

I just can't comprehend why you text me goodnight  
Did you and your lover fight over something trivial?  
Yeah, you humour me 'cause you cry to me  
When things aren't going right  
Guess you sharpened the sword  
That you place by your bed  
Aiming to attack your second victim  
Oh, you dragged me down and knocked me out, clueless

This ain't harmless  
It's so fruitless  
Are you clueless?
