

# Alive in Every Way

Regina

Oh oh oh, oh oh oh  
Oh oh, oh oh oh

Take a breath, close your eyes  
We are going, oh  
Living past, dreaming last  
We are going, yeah

Pick up your bags and we leave tonight  
Wake up golden to a different city light  
Live your life, it's not a dream  
We are going, yeah

Lipread, it's better  
It's how we can relate  
Hearts joined forever  
Together we will say

Alive, alive in every way  
Alive, alive, richness comes when you give  
Alive, alive in every way  
Alive, alive, pick yourself up when you fall

Living for something more  
We are going, yeah

Pick up your bags and we leave tonight  
Wake up golden to a different city light  
Live your life, it's not a dream  
We are going, yeah

(It's how we can relate) It's how we can relate  
(It's how we can relate) It's how we can relate  
(It's how we can relate) It's how we can relate  
(It's how we can relate) It's how we can relate

Alive, alive in every way  
Alive, alive, richness comes when you give  
Alive, alive in every way  
Alive, alive, pick yourself up when you fall

Alive, alive, pick yourself up when you fall
