

Blubber Boy

Regurgitator

I'm your blubber boy you should rub me
I Look like your love drowned in the sea
I'm Fishing in the sun
I'm melting Rub me on your cunt
I'll come back again
I'm your blubber boy you should rub me
The sun beating down too viciously
It beat me to the ground to what
I used to be I melted away
I'm nothin' again
I'm your blubber boy you should rub me
I've melted away so bury me
Talk to me in my grave and mourn me
It can be the same just begin again.
