

# I Was Sent By God to Get You Off

Regurgitator

Don't be afraid  
This shit is going straight to your cock  
And it's ok  
You won't be bored for long  
So fix your face  
And put your best dress on  
Just don't be late  
'cause I'll be waiting in the centre of the sun 'cause

I was sent by god - to get you off  
Ohh ohh  
I was sent by god - to get you off

Tiny chemicals make you sick  
Mouth so dry it's too heard to kiss  
Should have had me killed  
When you had the chance  
Now it's too late I'm inside - again

I was sent by god - to get you off  
Ohh ohh  
I was sent by god - to get you off

I was sent by god - to get you off  
Ohh ohh  
I was sent by god - to get you off

It's all you ever needed  
And I'll be all you ever wanted  
We all know you better be good to me baby

And I'll be all you ever wanted  
And I'll be all you ever needed  
We all know you better be good to me baby
