

# I Will Lick Your Arsehole

Regurgitator

I'm like Mr. Clifford Richard, I'm wired for sound  
And when I get myself a mic you won't want to be around  
I'm off like a note on "care" in Karen's "Day Tripper"  
I'm faking all my lines like that dolphin called flipper

Send chills down your spine like the strings in "Billy Jean"  
I'm so far underground that I'm a one person scene  
I'm overly thorough just like David Attenborough  
When he's Whisperin' in the jungle  
Like they're working undercover

Evidence irrefutable  
I'm squarer than a cubicle  
I hug the straight and narrow  
Like a Julie Arrows musical  
I derail and fail with abstract verse I fail to curtail  
The rhythmical measures and pleasurable endeavours never sail

I'm lacking in ambition  
Simply no predisposition  
And when I hit the stage I lose all composition  
I never liked it loud coz crowded places scare me  
I dig the rock roll as much as Peter Paul and Mary

I'm the host with the most uber Guy Smiley  
I got the special effects like the BBC man  
I got the flow like malmsteen got chops  
It seems that I'm so bad  
They'll get L.L. to call the cops

Beats him so hard  
They be bustin up your spleen  
And I got more rhymes than Dern's hair got sheen  
I put flash in the dance just like Irene cara  
And I got more toys than Teruhisa Kitahara

I'm the Asisiatic Australasiatic  
Instamatic rhythm box static addict  
I got the juice and all else got pith  
And I'm tough under pressure just like Sarah Jane Smith
