Confusion, dizziness  
I don't know, I'm such a mess  
And everyday is just a waste of time  
And I find it must be all inside my mind

Maybe this isn't true  
Maybe there's no "me and you"  
And everyday is just a waste of time  
But that's fine  
Can't say it takes me by surprise  
Let me summarize

Yeah, sometimes I know it's just me  
Staring out the window  
Past the corner  
But I can't see  
Who I wished I turned out to be

Confusion, dizziness  
Everyday I'm more depressed  
Sick of feeling camped out on my own  
No hope, this can't be cured while I'm alive

Maybe this isn't fake  
And there's no pills I can take  
And everyday is closer to my time  
But that's fine  
I'll ride in circles in my mind  
And it's no surprise that

Still sometimes, I know it's just me  
Staring out the window  
Past the corner  
But I can't see  
Who I wished I turned out to be

Yeah, sometimes I know it's just me  
Staring out through the ceiling  
At the sunlight and wondering  
Exactly who I'm supposed to be  
Supposed to be  
Turns out it's me
