Waste My Words

Rehasher

When I think of
What I should say
I bite my tongue
And turn away

I'm holding back
And I can stand
What it does to me
So here's my plan

After everything you've put me through
Don't know what you expect me to do
I won't waste my words on you

Another place
Another time
I might give in
And say it's fine
But now it seems
You're out of luck
'Cause I refuse
To feel this stuck

After all of the pain I've been through
Don't know what you expect me to do
I won't waste my words on you
I won't waste my words on you

There's a million things I'd like to say
But you don't listen to me anyway
So I-I won't waste my words on you

I'll take my chance
I'm something new
And I won't wate
My time on you

The sharpest words
I've got can slash
Smoke and mirrors down
And yours won't last

After all of the pain I've been through
Don't know what you expect me to do
I won't waste my words on you
I won't waste my words on you
There's a million words I'd like to say
But you don't listen to me anyway
So I-I won't waste my words on you
