

# PLAYTHING

REI AMI

I'm sorry, I'm not sorry  
I'm a fuck girl with mind and body  
Now I couldn't help but they just falling 'cause they  
Hanging up and then they calling  
They just so cute and so damn fetching  
One date then I'm obsessing  
Too fine to keep them guessing  
Guess what?

First I get his number  
And it's hot like summer  
It's my favourite number  
Always keep him in my covers  
'Til I see another  
Then I need another  
I want it, I got it  
I got it 'cause you so

Crush, crush it, crush every time  
Wanting your heart like a toy  
Oh, you're my plaything boy  
Getting, getting it, getting it there  
My sugar sweet teddy bear  
Oh, you're my plaything boy  
Feeling sweet, feeling hot, feeling pretty  
Sipping on drinks  
Getting high in the city  
Spirit dream eyes look at me in my [?]  
Crush, crush it, crush every time  
Wanting your heart like a toy  
Oh, you're my plaything boy

Fuck a pretty boys  
White tees with the curls ooh  
I don't got a type, what i say  
Really not true  
I'm a playgirl  
Galoptic when i come through  
You could stay the night if you want to  
Ride, on my plaything all night  
I'm so pretty, keep it tight  
Bitch i'm all he thinks about  
(You could stay the night if you want to)

First I get his number  
And it's hot like summer  
It's my favourite number  
Always keep him in my covers  
'Til I see another  
Then I need another  
I want it, I got it  
I got it 'cause you so

Crush, crush it, crush every time  
Wanting your heart like a toy  
Oh, you're my plaything boy  
Getting, getting it, getting it there

My sugar sweet teddy bear  
Oh, you're my plaything boy  
Feeling sweet, feeling hot, feeling pretty  
Sipping on drinks  
Getting high in the city  
Spirit dream eyes look at me in my cherry, oh  
Crush, crush it, crush every time  
Wanting your heart like a toy  
Oh, you're my plaything boy
