

RICKY BOBBY

REI AMI

I got needs, pay attention!
Are you up for the challenge?
No hands I throw tantrums
Act right if you want this (yeah)
Bitch stand at attention!
Keep my name out your mentions
I said what I said and I meant it!
I ain't buying
Wouldn't even rent it, hoe!

Super star
I'm too hot
Bitch, be gone evaporate
Perrier
Bubbly
Expensive is my only taste
Flow so floaty
'Kay with being lonely
Vogue type of bitch
Know you got me on your lock screen

Boasting
Marshmallow ass you looking like you need a roasting
Toasting cuz all of these bitches keep on hoping I notice
I been way too motherfucking focused
Rogue shit
Take a photo I'm the fucking moment

I'm so anxious barely breathing
Moods got me switching positions
So now I'm asking myself
Should you be mine?

Ricky Bobby I'm the shit
190 in the whip
Blowing gas by the zip like
Let him smash on a bitch
Let him crash in the pussy
Left the pad with a limp

Back end make em break necks
Hot juicy got drenched, tell that bitch we not friends!
I got two iPhones cuz his best friend hittin'
So he get the dial tone til' this neck game finished

Ain't no missin', put that milk inside this kitten
Kitchen counter where he hit it, keep it squeaky clean, Brita
Lick, lick, lick, while he dizzy off the liquor
Super hero shit, bought my wrist an action figure
Took off my top then he slipped out that d...
He looking lost sucked the soul out his ribs
Li, li, listen when I talk
Ima take your chips, bitch, kicks and your job
Get some money, bitch

I'm so anxious barely breathing
Moods got me switching positions

So now I'm asking myself
Should you be mine?
