

## Black and Red

Reignwolf

Black and red in my head  
There's something wrong with you  
Ooh yeah hmm  
Twist of fate, born to wait  
So waiting's all we do  
Heyy yeah ooh

Welcome back, red and black  
There's something wrong with me  
Ahh ohh  
I let you in, you broke the skin  
Something came alive  
Yeah ooh

Hang on  
'Cause it's a long way down  
I'll be right behind you  
Ooh yeah hmm

Laying down, I'm settled down  
Settle down with me  
Ooh yeah hmm  
I know out there's nothing for you

Hang on  
'Cause it's a long way down  
I'll be right behind you  
You know I will

Well, hang on tight  
'Cause it's a long way down  
I'll be right behind you
