

Cabin Fever

Reignwolf

Cabin fever
Operator
Communicator
Call me on my cell phone

Cabin fever
Gonna need ya
Keep it on the down low

Close your eyes
Stay inside
Try and picture a rainbow

Uncertain time
Uncertain mind
Been living behind your shadow

Rain or shine
Butterflies in the wind
Stars in the night coming out again

Sunrise
Hundred miles
Passes you by through the window

Cabin fever
Need to see ya
Throw back to when it was simple

Sacrifice
Normalize
Try and not be too scared crow

Reaching deep
Hide and seek
Counting sheep till tomorrow

Rain or shine
Butterflies in the wind
Stars in the night coming out again

I go insane
Insane, insane, insane
Wait for tomorrow to be yesterday
