# Hardcore

**Reignwolf**

Let's not get lost in the deep end
Not while I'm catching my breath

I don't think I can do this no more
I'm only saying
You keep trying to break down my walls
Your mama left you

Hardcore, hardcore
I don't think I can do this no more

Your brother said he locked you in the bedroom
Your sister said she threw away the key
But nothing in the world can stop you
Hell no not even me

I don't think I can do this no more
I'm only saying
You keep trying to break down my walls
You think you're

Hardcore, hardcore
I don't think I can do this no more

Every time I think I can get like this

I just can't do it anymore
You keep trying to break down my walls
You just think you're

Hardcore, hardcore
I don't think I can do this no more
I'm only saying
You keep trying to break down my walls
Your mama left you
You think you're

Hardcore, hardcore
I don't think I can do this no more
