

Ritual

Reignwolf

You're at the river, floating upstream
Not gonna drown, nothing's what it seems
It's okay its a ritual
When you know, when you know, you know
You're desert island, rescuing me

You get so high
Open your eyes
You want, nothing
Only wanna float away
You get so high

You're like a river, a witch come down
Come let me put my lips on ya, on ya, on ya
It's okay its a ritual
When you know, when you know, you know
Think I might've saw you in a dream

You get so high
Open your eyes
You want, nothing
Only wanna float away
When you get so high

Come down like a spaceship
Come down like a spaceship
Come down like a spaaaaooooo
