

The Woods

Reignwolf

In a vision, I've been living in another world
Dang I'm listening and wishing maybe that I could, mmh

Don't you tell me I'm the only one
Don't you tell me I'm the only one
I got this feeling we're not outta the woods

Yeah, the lightning
Yeah, the lightning
Lightning
Yeah, lightning

See, it kindles when they're down after midnight
Stare at you like a deer in the headlight
Got this feeling we're not outta the woods
What, I
Got this feeling we're not outta the woods

Oh, the lightning
Lightning
Yeah, the lightning
Lightning

Woke me up like it never happened
You woke me up like it never
You woke me up like it never
Woke me up like it never happened
You woke me up like it never
You woke me up like it never

I got this feeling we're not outta the woods
I got this feeling we're not outta the woods
Yeah, I got this feeling we're not outta the woods, hey, hey
I got this feeling we're not outta the woods

Yeah, the lightning
Lightning
It's the lightning
Lightning
