

Let It Ring

Reiley

Ain't no way I can sugar, sugarcoat the truth
No one knows how to hurt me, hurt me like you do
I got caught on your lips and all over your tattoos
I let you reel me in again

When I started to add up, add up your mistakes
There was too much I couldn't, couldn't calculate
It's like I cut you off then you communicate
Won't let you reel me in again

Just 'cause you got my number
You ain't got my time
You don't have to wonder
You ain't on my mind
I felt like nothing without you
Now I feel nothing
Keep on callin'

I'ma let it, I'ma let it ring
I'ma let it, I'ma let it ring
I'ma let it, I'ma let it ring

Don't it seem kinda funny, funny how it goes
Now I don't even miss you, I just miss your calls
Yeah, you used to leave me lonely, now you won't leave me alone
Can't let you reel me in again

Just 'cause you got my number
You ain't got my time
You don't have to wonder
You ain't on my mind (You ain't on my mind)

I felt like nothing without you
Now I feel nothing
Keep on callin'

I'ma let it, I'ma let it ring
I'ma let it, I'ma let it ring (Gonna let it ring, whoa, oh)
I'ma let it, I'ma let it ring (Yeah)
(I'm staring at the phone, screenin' calls)
I'ma let it, I'ma let it ring

Just 'cause you got my number
You ain't got my time
You don't have to wonder
You ain't on my mind

I felt like nothing without you
Now I feel nothing
Keep on callin'

I'ma let it, I'ma let it ring (Just keep on callin', callin' my phone)
I'ma let it, I'ma let it ring
